
IconExperience X - Collection

Introduction

The IconExperience X-Collection is a set of icons that can be used as application icons on toolbars and buttons, as desktop icons and for general-purpose graphic design. The icons are carefully crafted with a colorful and adorable design. This introduction gives you an overview of the X-Collection.

1,100 Base Icons

The X-Collection includes more than 1,100 base icons. Base icons display a single object or metaphor, such as a businessman, a computer chip or an “at” symbol.

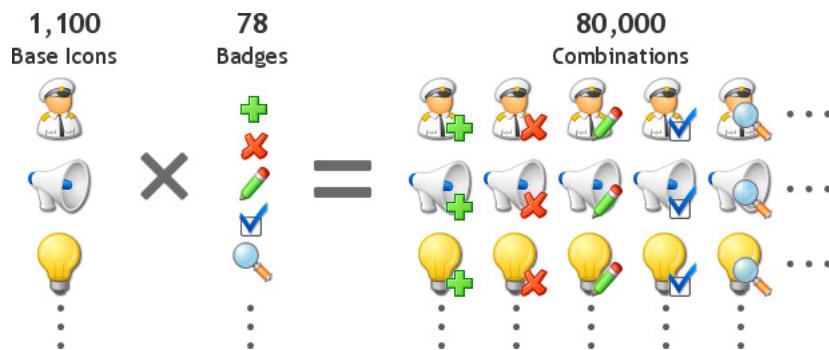

800 Pre-Combined Icons

Additionally, there are around 800 pre-combined icons included. These are base icons with one or more badges attached in order to create a new metaphor. For example, a “certificate” base icon with an “add” badge results in a combined icon that displays the “add certificate” metaphor.

80,000 Possible Combinations

The X-Collection comes with a software called the “Toolbox“, which can be used to easily create custom combined icons. With the included 78 badges and 1,100 base icons of the X-Collection, you can create more than 80,000 custom combined icons.

Five Sizes

There are five sizes available for each icon: 16x16, 24x24, 32x32, 48x48 and 128x128 pixels.

Two File Types

The icons are delivered as PNG files and ICO files. If necessary you can easily convert the icons to BMP or GIF format using the Toolbox.

Versions with Shadow and without Shadow

All icons are available as versions with shadow and without shadow.
