# M - Collection 2.0

---

## Introduction

The IconExperience M-Collection is a set of icons that fits perfectly into modern typography-based user interfaces and websites.

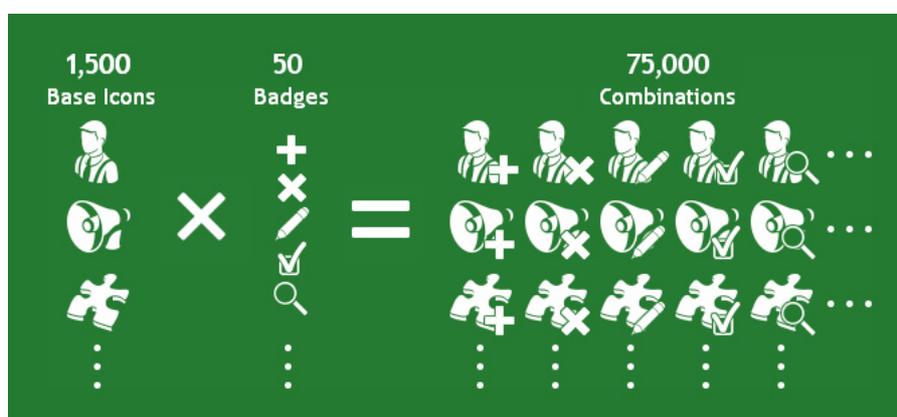

### 1,500 Base Icons

The M-Collection includes more than 1,500 base icons. Base icons display a single object or metaphor, such as a stock broker, a globe or an emoticon.

### 75,000 Possible Combinations

The M-Collection comes with our “Toolbox“ software, which can be used to easily create more than 75,000 custom combined icons based on the more than 1,500 base icons of the M-Collection.

### Compatibility to the V-Collection

Each icon of the M-Collection has an equivalent in the V-Collection, which makes it easy to switch between both icon styles. You can even create eye catching effects that blend icons from one style into another style.

### Eight Sizes

There are eight sizes available for each icon: 16x16, 24x24, 32x32, 48x48, 64x64, 128x128, 256x256 and 512x512 pixels.

### Bitmap and Vector Files

The icons are delivered as bitmap files (PNG and ICO format) and vector files (SVG, XAML and EPS format).
