IconExperience

I - Collection 2.0

Introduction

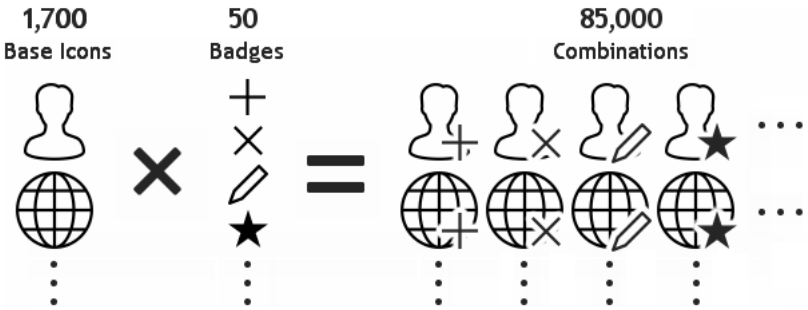
The IconExperience I-Collection v2.0 is a set of line style icons that were designed according to the iOS Human Interface Guidelines. They are a perfect choice for user interfaces and websites with minimalistic, pictographic design.

1,200 Base Icons

The I-Collection includes more than 1,700 base icons. Base icons display a single object or metaphor, such as a user, a globe, an envelope or a shopping cart.

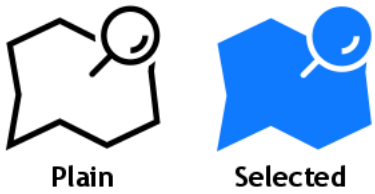
85,000 Possible Combinations

The I-Collection comes with our “Toolbox“ software, which can be used to easily create more than 85,000 custom combined icons based on the more than 1,700 base icons.



Plain and Selected Versions

Each icon comes in two versions, plain and selected, as required by the iOS Human Interface Guidelines.



Eight Standard and Four Special Sizes

There are eight standard sizes available for each icon: 16x16, 24x24, 32x32, 48x48, 64x64, 128x128, 256x256 and 512x512 pixels. We also provide four special sizes for iOS user interfaces: 22x22 and 44x44 for toolbar or navigation bar icons and 28x28 and 58x58 for tab bar icons.

Bitmap and Vector Files

The icons are delivered as bitmap files (PNG and ICO format) and vector files (SVG and XAML format).
